SUBJECT: General Authorities - July 1994

As pointed out in our meeting of October 3, 1994, certain paragraphs of the current General Authority document indicate that all state agencies must submit their public works requirements to Department of General Administration, Division of Engineering & Architectural Services (E & AS) for processing.

Keith Johnson of E & AS has advised us that Department Of Transportation is specifically exempted from services provided by E & AS under RCW 43.19.450.

We apologize for the oversight. Thanks for bringing it to our attention. Should you have any questions, please feel free to call me at (206) 586-6624.
